STUDENT ATTENDANCE

The Cleora Board of Education believes that in order for students to realize their fullest potential from educational efforts they should attend all classes if possible. Realizing that some absences may be beyond a student's control, the board has adopted a policy that **students cannot be absent more than eight (8) days each semester to receive credit for any course in which the student is enrolled.** In accordance with the policy each student is to attend class a minimum of 90% of the time in order receive credit for that class. Chronic absenteeism is reflected on the school report card as any number of absences over 16 in a year.

Types of Absences

There are two types of absences: excused and unexcused. All excused absences must be verified by parent/guardian during the absence or immediately upon return to school. Examples of an excused absence are illness, court appearances, injury, or funeral attendance. A maximum of five (5) absences will be excused by parent notification only. Absences beyond five per semester will require professional notification/documentation (i.e., doctor's note, court docket, etc.)

All absences that are not excused are considered unexcused. The law requires the school to notify the District Attorney when a student has four unexcused absences/tardies in a four-week period or 10 unexcused absences/tardies in a semester. Regardless of the type of absence, a student cannot have more than ten (10) absences to receive credit in a class.

Attendance Policy and Procedures

1. The first five absences/tardies within a semester will be automatically excused after a parent notifies the school, giving the reason for the absence.
2. After these first five absences/tardies, professional documentation/notification (doctor, dentist, etc.) will be required for an absence or tardy to be considered excused.
3. Three unexcused absences/tardies within a four week period, or nine unexcused absences/tardies within a semester will result in the parent/guardian being notified of a meeting with school personnel. The school will make every effort to contact and meet with parents prior to a family being referred to the District Attorney.
4. If a parent/guardian fails to attend the scheduled meeting, or if a resolution to the situation cannot be agreed upon during the meeting, or if absences/tardies continue to accumulate, the parent/guardian will be referred to the District Attorney as required by statute.

MAKE-UP WORK

- A. It is the sole responsibility of each student to make arrangements to complete any and all work missed due to an absence
- B. Excused Absences: Students will be allowed to receive credit for work missed due to an excused absence if the work is completed within the amount of time missed plus one day
- C. Activity Absences: Students who will not be attending class due to an activity absence must notify each teacher prior to the absence in order to make arrangements for completing all work that is going to be missed.

Check in-out/Tardy Policy

It is the responsibility of the parent to notify the school by 9:30 am if a child is to be absent for that day. The school will contact those student's parents who do not call. If not contact is made, the parent must send a note or call the day the child returns before the student can be excused. The student may promptly make up all work missed without penalty. It is the responsibility of the student, on the day of return, to make arrangements to see that the work is made up.

In order for a student to be counted present all day, he/she will need to check in before 8:30 am and NOT check out before 2:30 pm. If they check in later than 8:30 am or check out earlier than 2:30 pm, they will be counted as half day absent. All students arriving after 8:00 am or leaving before school is dismissed, **ARE TO HAVE THEIR PARENT SIGN THEM IN OR OUT BY USING THE ATTENDANCE SHEET IN THE OFFICE.** Three (3) tardies are considered an absence.

DRESS CODE

Students of Cleora School are expected to dress appropriately and neatly. In addition, they are to conduct themselves in a manner that will reflect credit to themselves, their families, and the school. All students are expected to be well groomed and clean. Hats or caps will NOT be worn in the buildings at any time during the school day. Bare midriffs and halter-tops or see-through garments without under garments are not permitted. "SHORT" shorts are not permitted. Any type of revealing clothing will not be tolerated. No clothing bearing suggestive or unpatriotic words or symbols, drug or alcohol advertising, or beer advertising is to be worn. Students or employees who violate this policy will be disciplined appropriately. Sleeveless undershirts or fish net (wide mesh) shirts are not to be worn alone as outer garments. Students participating in activities, which represent the school, are required to meet regulations, as directed by the sponsor or administration. We suggest that parents or students place names in all coats, sweaters, hats, gloves, or other items, which could be lost or misplaced.

The following guidelines for appropriate dress at all Cleora Public School:

1. All students must wear shoes, boots, or other types of footwear. No "heelies" permitted, (tennis shoes with skates). Students will be required to have tennis shoes on P.E. days.
2. Spaghetti straps, halter tops and tank tops, as well as shirts or dresses that have thin shoulder straps that expose the chest, back or midriff, will not be permitted. All shirts must be able to be tucked in when the arms are extended above the head.
3. No hats or other head coverings such as bandanas are allowed within the building for boys or girls.
4. Wallet chains will not be allowed.
5. Sunglasses are not allowed to be worn in the building.
6. Torn or cut up clothing and unstrapped overalls are prohibited.
7. Jeans, slacks, pants, and shorts that are worn below the waistline are prohibited. (No sagging).
8. Any clothing or accessory that promotes unpatriotic words or symbols, tobacco, alcohol or drug usage or is found to reveal obscene or vulgar material is prohibited.

The Cleora Board of Education believes that the majority of the students in the public school recognizes their own individuality and has no need to express themselves in extreme dress or grooming styles. Generally, dress and grooming standards as determined by the students and their parents, that do not violate the schools policy, will not be questioned. The only requirements the Board of Education insists upon are that students' dress and grooming shall not lead school officials to reasonably believe that such dress or grooming will disrupt, interfere with, or detract from school activities, or create a health or other hazard to the student's safety of others.

The preceding policies are set down in order to provide the most pleasant and academic environment possible for the entire student body.

TEXTBOOKS AND LIBRARY BOOKS

All books and educational materials are the property of the Cleora School System. If these are lost or mutilated by a student, the parents will be responsible for paying the cost to replace them. The Superintendent will make the ultimate decision regarding payment for the book. Upon receipt of payment, the damaged book will become the property of the parent. Students may be denied participation in special activities or have report card held, until payment is made or book is replaced.

School Safety and Bullying Prevention Act (OKLA. STAT. tit. 70, § 24-100.2)

The Oklahoma Legislature established the *School Safety and Bullying Prevention Act* with the express intent of prohibiting bullying in all schools. In addition to the prohibition listed in the student discipline code, above, the board has adopted a separate policy prohibiting bullying and outlining the district's plan to address it.

Sample Disciplinary Options

- *Instructor or Administrator Intervention*
May include, but is not limited to: warning conference with student, parent conference, referral to counselor, behavioral contract, restriction of privileges, requirement of corrective action by student, changing student's seat or class assignment, involvement of local authorities or agencies, or other appropriate action as required or indicated by the circumstances.
- *Detention or In-School Intervention*
Detention is a correctional measure used when it is deemed appropriate. Students are to report to the appropriate teacher/principal at the specified time with class work to be studied. Detention may be assigned on a week-day or on a Saturday, as deemed appropriate.
- *Alternative In-School Placement*
Alternative in-school placement is an optional correctional measure that may be used by the school when deemed appropriate. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives.
- *Corporal Punishment*
Corporal punishment may be administered at the discretion of the school administration. Prior to administering corporal punishment, the administrator will explain to the student the offense he/she is alleged to have committed and allow the student to explain his/her version of events.
Corporal punishment must be administered by a school administrator in a private office area with another certified employee serving as a witness. If possible, the witness will be the same gender as the student. Corporal punishment will only be administered to a student's buttocks with a finished wooden paddle after the student has emptied his/her pockets. No student will receive more than 3 swats per incident, and no more than 3 swats per day. The corporal punishment must be reasonable in force considering the student's age, sex, physical and mental condition, whether the force was degrading and the likelihood of permanent harm to the student. As to any special education student, the person administering the corporal punishment must first determine that such punishment is not prohibited by the student's IEP or 504 plan.
A report must be completed by the administrator and signed by both the administrator and the witness. The report will specify the infraction, the number of swats given, the date, time and location of the corporal punishment and the name and position of the witness.
Parents who object to the use of corporal punishment for their student must notify the school principal, in writing, at the beginning of each school year.
- *Out of School Student Suspension*
Students may be suspended out of school pursuant to the district's policy regarding student suspension.

Student Privileges While Under Suspension

Participation in the extracurricular activities of the school is a privilege and not a right. Accordingly, when a student's behavior results in a determination by the principal to impose disciplinary or other correctional measures against a student, the student will not be permitted to participate in any extracurricular activities offered by the school

during the term of the discipline unless, in the sole judgment of the principal, such participation is appropriate given the nature of the offense committed by the student. "Extracurricular activities" include, but are not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school sponsored activities and organizations.

STUDENT BULLYING

Statement of Legislative Mandate and Purpose

This policy is a result of the legislative mandate and public policy embodied in the *School Safety and Bullying Prevention Act*, 70 OKLA. STAT. § 24-100.2 et seq. ("Act"). The district intends to comply with the mandates of the Act and expects students to refrain from bullying. Bullying is expressly forbidden and students who bully are subject to disciplinary consequences as outlined in the district's policy on student behavior. Bullies may also be provided with assistance to end their unacceptable behavior, and targets of bullies may be provided with assistance to overcome the negative effects of bullying.

Definition of Terms

A. **Statutory definition of terms:**

“**Bully**” means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

“**Threatening behavior**” means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

“**Electronic communication**” means the communication of any written, verbal, pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless telecommunication device, or a computer.

Note: Bullying by electronic communication is prohibited whether or not such communication originated at school, or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

“**At school**” means on school grounds, in school vehicles, at school-sponsored activities, or at school-sanctioned events.

B. **The “Reasonable Person” Standard**

In determining what a “reasonable person” should recognize as bullying, staff will consider the point of view of the intended target, including any characteristics unique to the intended target. Staff may also consider the discipline history and physical characteristics of the alleged bully.

C. **Types of Bullying**

“**Physical Bullying**” includes harm or threatened harm to another's body or property, including but not limited to threats, tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

“Emotional Bullying” includes the intentional infliction of harm to another’s self-esteem, including but not limited to insulting or profane remarks or gestures, or harassing and frightening statements.

“Social Bullying” includes harm to another’s group acceptance, including but not limited to gossiping; spreading negative rumors to cause a targeted person to be socially excluded, ridiculed, or otherwise lose status; acts designed to publicly embarrass a targeted person, damage the target’s current relationships, or deprive the target of self-confidence or the respect of peers.

“Sexual Bullying” includes harm of a sexual nature, including but not limited to making unwelcome sexual comments or gestures to or about the targeted person; creating or distributing vulgar, profane or lewd words or images about the target; committing a sexual act at school, including touching private parts of the target’s body; engaging in off-campus dating violence that adversely affects the target’s education opportunities; making threatening sexual statements directed at or about the target; or gossiping about the target’s sexuality or sex life. Such conduct may also constitute sexual harassment which is prohibited by the district.

Understanding and Preventing Bullying

A. Student and Staff Education and Training

A full copy of this policy will be posted on the district’s website and included in all district handbooks. Parents, guardians, community members, and volunteers will be notified of the availability of this policy through the district’s annual written notice of the availability of the district’s anti-bullying policy. Written notice of the policy will also be posted at various places in all district school sites.

Students and staff will be periodically reminded throughout the year of the availability of this policy, the district’s commitment to preventing bullying, and help available for those affected by bullying. Anti-bullying programs will be incorporated into the district’s other violence prevention efforts.

All staff will receive annual training regarding preventing, identifying, reporting, and managing bullying. The district’s bullying coordinator and individuals designated as school site investigators will receive additional training regarding appropriate

consequences and remedial action for bullies, helping targets of bullies, and the district’s strategy for counseling and referral for those affected by bullying.

Students will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods, and consequences for those who knowingly make false reports. Parents and guardians may participate in a parent education component.

B. Safe School Committees

Each Safe School Committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues which interfere with and adversely affect school safety.

With respect to student bullying, each Committee shall assist the board in promoting a positive school climate. The Committee will study the district’s policy and currently accepted bullying prevention programs (available on the state department website) to make recommendations regarding bullying. These recommendations must be submitted to the principal and cover: (i) needed staff

development, including how to recognize and avoid bullying; (ii) increasing student and community involvement in addressing bullying, (iii) improving individual student-staff communication, (iv) implementing problem solving teams which include counselors and/or school psychologists, and (v) utilizing behavioral health resources.

Student Reporting

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor, or principal. The employee will give the student an official report form, and will help the student complete the form, if needed.

Students may make an anonymous report of bullying, and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously and disciplinary action cannot be taken against a bully solely on the basis of an anonymous report.

Staff Reporting

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the school principal on an official report form. Any staff member who witnesses, hears about, or suspects bullying is required to submit a report.

Bullying Investigators

Each school site will have a designated individual and an alternate to investigate bullying reports. These individuals will be identified on the district's website, and in the bullying prevention education provided annually to students and staff. The district's anti-bullying program is coordinated at the district level by the superintendent.

Investigating Bullying Reports

For any alleged incidents of bullying reported to school officials, the designated school official will investigate the alleged incident(s) and determine (i) whether bullying occurred, (ii) the severity of the incident(s), and (iii) the potential for future violence.

In conducting an investigation, the designated official shall interview relevant students and staff and review any documentation of the alleged incident(s). School officials may also work with outside professionals, such as local law enforcement, as deemed appropriate by the investigating official. In the event the investigator believes a criminal act may have been committed or there is a likelihood of violence, the investigator will immediately call local law enforcement and the superintendent.

At the conclusion of the investigation, the designated employee will document the steps taken to review the matter, the conclusions reached and any additional action taken, if applicable. Further, the investigator will notify the district's bullying coordinator that an investigation has occurred and the results of the investigation.

Upon completion of an investigation, the school may recommend that available community mental health care or substance abuse options be provided to a student, if appropriate. The school may provide a student with information about the types of support services available to the student bully, target, and any other students affected by the prohibited behavior. These resources will be provided to any individual who requests such assistance or will be provided if a school official believes the resource might be of assistance to the student/family. The district is not responsible for paying for these services. No school employee is expected to evaluate the appropriateness or the quality of the resource provided, nor is any employee required to provide an exhaustive list of resources available. All school employees will act in good faith.

The school may request the disclosure of information concerning students who have received substance abuse or mental health care (pursuant to the previous paragraph)

if that information indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, OKLA. STAT. tit. 12 § 1376, OKLA. STAT. tit. 59 § 1376 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information. The school may request the disclosure of information when it is believed that the student may have posed a danger to him/herself and having such information will allow school officials to determine if it is safe for the student to return to the regular classroom or if alternative education arrangements are needed.

Parental Notification

The assigned investigator will notify the parents of a target within one (1) school day that a bullying report has been received. Within one (1) school day of the conclusion of the investigation, the investigator will provide the parents of a target with the results of the investigation and any community resources deemed appropriate to the situation.

If the report of bullying is substantiated, within one (1) school day of the conclusion of the investigation, the investigator will contact the parents of the bully to discuss disciplinary action and any community resources deemed appropriate to the situation.

The timelines in this parental notification section may be reasonably extended if individual circumstances warrant such an extension.

Parental Responsibilities

All parents/guardians will be informed in writing of the district's program to stop bullying and will be given a copy of this policy upon request. An administrative response to a reported act of bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

- Report bullying when it occurs;
- Take advantage of opportunities to talk to their children about bullying;
- Inform the school immediately if they think their child is being bullied or is bullying other students;
- Watch for symptoms that their child may be a target of bullying and report those symptoms; and
- Cooperate fully with school personnel in identifying and resolving incidents.

Student Transfers

Students who are victims of bullying, and who report the incident(s) to school administrators, may choose to transfer to another school district. Any application for transfer must be made in accordance with the receiving school district's transfer policy.

Monitoring and Compliance

In order to assist the State Department of Education with compliance efforts pursuant to the *School Safety and Bullying Prevention Act*, 70 OKLA. STAT. § 24-100.2 et seq., the district will identify a Bullying Coordinator who will serve as the district contact responsible for providing information to the State Board of Education. The Bullying Coordinator shall maintain updated contact information on file with the State Department of Education and the school district will notify the State Department of Education within fifteen (15) days of the appointment of a new Bullying Coordinator. A copy of this policy will be submitted to the State Department of Education by December 10th of each school year as part of the school district's Annual Performance Report.

BUS RIDER RULES

Buses are a privilege provided to our students by the school district. We must remember that with the privilege of riding a bus come certain responsibilities that a student must fulfill. If a student fails to properly conduct him or herself on the bus, he/she may forfeit the right to ride a bus. When a bus driver sends a student to the principal for misbehaving on the bus, the principal will contact the parents and let them know what the problem is. It will be at the discretion of the principal what discipline action will be taken. Please read carefully the following bus rules.

Previous to Loading (on the road and at school)

1. Be on time at the designated school bus stops—keep the bus on schedule
2. Stay off the road at all times while waiting for the bus. Bus riders conduct themselves in a safe manner while waiting.

4. Be careful in approaching bus stops.
5. Bus riders are not permitted to move toward the bus at the school loading zone until the bus has been brought to a complete stop.

1. Keep hands and head inside the bus at all times after entering and until leaving the bus.
2. Assist in keeping the bus safe and sanitary at all times.
3. Remember that loud talking and laughing or unnecessary confusion diverts the driver's attention and may result in a serious accident.
4. Treat bus equipment as you would valuable furniture in your own home. Damage to seat, etc, must be paid for by the offender.
5. Bus riders should never tamper with the bus or any of its equipment.
6. Leave no books, lunches, or other articles on the bus.
7. Keep books, packages, coats, and all other objects out of the aisles.

3. Help look after the safety and comfort of small children.
4. The driver will not discharge riders at places other than the regular bus stop, except by proper authorization from the parent or school official.

Extracurricular Trips

1. The above rules and regulations will apply to any trip under school sponsorship.
2. Pupils shall respect the wishes of a competent chaperone appointed by the school officials.

Smoking or Chewing Tobacco

1. There will be no smoking or tobacco chewing on school buses.

VIOLATION OF ANY OF THE ABOVE RULES MAY RESULT IN THE REMOVAL OF BUS RIDING PRIVILEGES.

Pledge of Allegiance and Moment of Silence

In accordance with State Law (Article XI, Section 238.1), every student will recite the Pledge of Allegiance and observe a Moment of Silence on a daily basis.

Visitors

Parents are always welcome visitors at school. When you visit the school, we appreciate your observing the following suggestions:

1. Please come by the office and sign in, as we like to always know what visitors are on the school grounds.
2. A parent/teacher conference can be arranged by calling the school.
3. Please confer with the teacher, either before or after school, or during recess. Many students are easily distracted by conversation between adults.
4. Try not to discuss your child or their problems in their presence.
5. Please do not go to the classroom to confer with the teacher during the last 10 minutes of the school day. This is a very busy time for the teachers and students.

Visiting children or former students:

Cleora School cannot permit students to bring brothers, sisters or guests to visit during school hours. We ask your cooperation in order to prevent disruption of regular classroom schedules. Former Cleora students are not allowed to visit classrooms or with teachers during class time.

Student Health and Medications

A telephone number of someone we can call if a student is ill or injured is a “must”. If you are not going to be able to be reached at the number given, please let the school know where you can be reached. If for any reason your number changes, please contact the school. When a student is running a temperature, parents will be notified and asked to come get their child. If there are any student health problems, parents are asked to let us know so that we will be aware of them. Students will not be allowed to transport medication to and from school with the exception of inhaled asthma medication as provided by Oklahoma Statute 70 #Section 1-116.3. No medicine can be dispensed by the school unless the policy for Dispensing Medication quoted from the School Law Book of Oklahoma, Section 18, Part E, as followed:

Section 18, Part E:

“The school shall keep on file the written authorization of the parent or guardian of the student to administer medicine to the student.”

Please come to the office for an authorization form when you wish for your child to be given medication at school. Any unused medication must be picked up by a parent or guardian.

Students who are able to self administer specific medications (inhalers, anaphylaxis medication, insulin, etc.) may do so provided such medication and specialized equipment are transported and maintained under the students' control within all of the following guidelines:

A licensed physician or dentist provides a written order that the student has a particular medical condition (asthma, diabetes, severe allergic reaction, etc.), is capable of and has been instructed in the proper method of self-administration of medication. Anaphylaxis medication shall include but not be limited to Epinephrine injectors. All self-administered medication shall be prescribed by a physician and labeled according to District policy. It is the student's legal custodian's responsibility to contact the physician or prescribing health care provider and have the physician or provider complete and sign the required form. There is a written legal custodian authorization for self administration of medication. Parents and guardians who elect to have the student self medicate are accepting that the District, its agents and employees shall incur no liability for any adverse reaction or injury suffered by the student as a result of the self-administration of medication and/or using the specialized equipment. The written authorization will terminate at the end of the school year and must be renewed annually. If the legal custodian and physician or prescribing health care provider authorize self medication, the District is not responsible for safeguarding the students' medications or specialized equipment, such as asthma inhalers. Religious—the parent or guardian must present a certificate of exemption to qualify for such an exemption

Personal—the parent or guardian must present a certificate of exemption completed with a brief statement summarizing his/her objections to immunization.

Illness

School children sometimes complain of illness at school but are able to continue with their class work without going home. Feeling that parents may wish to know what criteria is used in making decisions about whether to send a child home or return a child to class, we are publishing this list of GUIDELINES for you:

- A child with a temperature of 100 degrees or above is sent home.
- A child who vomits at school is sent home.
- A child who reports diarrhea and states that he/she is having difficulty getting to the restroom on time is sent home.
- A child with a questionable rash is sent home.
- A child with “pink eye” who has discharge in the eye is sent home.
- Any child who is so uncomfortable that he/she is not able to function in school is sent home.

We try to take into consideration a child’s report of having been sick at home or of illness in their family members. We never refuse to allow a child to call home if he/she states that a parent has requested this. PLEASE MAKE SURE TO UPDATE YOUR CURRENT PHONE NUMBERS WITH US IN CASE WE NEED TO CONTACT YOU.

Please consider keeping your child home from school if he/she has any of the following symptoms:

1. Fever above 101 degree Fahrenheit.
2. Uncomfortable/sore throat or Tonsillitis.
3. Rash or skin eruption (unless diagnosed as non-contagious by physician.)
4. Nasal discharge accompanied by fever.
5. Severe cough producing phlegm.
6. Inflammation of the eyelids.
7. HEADLICE.

Please make sure you child is fever free for 24 hours before returning to school.

Head Lice

Any child afflicted with a contagious disease such as Head Lice will be prohibited from attending a public, private, or parochial school until such time the child is free from the contagious disease. Any child prohibited from attending school due to Head Lice is required to present to appropriate school authorities, before said child may reenter school, certification from a Health Professional, as defined by Section 2601 or Title 63 of the Oklahoma Statutes, or an Authorized Representative of the State Department of Health stating that said child is no longer afflicted with head lice, or documented record of treatment will be permissible (70-1210.194). *Students will be sent home and will not be permitted to return to school if they have evidence of head lice (nits/live bugs).

As long as lice or nits (eggs) are present on a person or clothing, they can spread it to others. Until live lice and nits (eggs) are properly removed, the infested person is still

contagious. A person can acquire head lice repeatedly if the process is not followed. Some effective methods for removing lice from the home include:

- Machine wash all bedding, clothing, (including the clothing they are wearing), and towels. Then dry in hot dryer for at least 20 minutes.
- Put all stuffed animals, pillows, dolls, hats, comforters and any other non-washable personal items in a plastic garbage bag and seal for 14 days. After 14 days, open the bag outdoors and shake items vigorously.
- Soak all brushes, combs and hair accessories in rubbing alcohol or scrub in hot soapy water.
- Vacuum – Be sure to thoroughly vacuum all carpets and furniture, then carefully remove the vacuum cleaner bag and throw it out immediately.

*Follow-up: Make sure you tell others about the outbreak. It is very important. Babysitters, grandparents, school, daycare center, playmates and teammates or other children's groups will be grateful for the opportunity to check their families early in order to prevent another outbreak.

Peanut and Almond Free School

Our purpose is to help foster a safe and worry-free environment for our students.

It is important that there is a strict avoidance to this food in order to prevent a *life-threatening* allergic reaction. To reduce the chance of this occurring, we ask that you do not send any peanut/almond containing products to school including snacks, treats for classroom parties and for lunch. The allergy can be triggered not only by directly eating peanut products but also by skin contact. This also includes foods processed in a plant where peanut/almond products are made. The school realizes that helping maintain a peanut/almond-free school takes a certain amount of effort and diligence on school officials, cafeteria, teachers, staff and students. We have taken steps to insure that all food provided by our school is peanut/almond free. We also plan to educate our students on ways they can help keep the classroom safe while also making them aware of signs of a possible allergic reaction from a classmate. All students will be given a form upon enrolling at Cleora Public School to provide information to parents and students and a signature required on the form that they agree and understand this policy. All medicines prescribed for these allergies will follow the policy of administration of medication in the policy and procedures of Cleora Public School.

Report Cards and Parent-Teacher Conferences

Each nine-week period your child will receive his/her report card. Please study the report careful to understand the message it conveys to you. The report card will tell you about your child's efforts in citizenship, work habits and his/her academic performances. Remember the report is very individual no two children are alike. Encourage your child to work to the best of his/her ability. Your encouragement and interest are necessary for your child's success.

No written report can take the place of a visit with your child's teacher, so you are encouraged to plan for a conference as you feel it is needed. Parent/teacher conferences will be scheduled during the first and third nine-week periods.

Proficiency Based Promotions

Opportunity for proficiency based promotions are available during the fall and Spring Semester. If you are interested in this service please contact Mr. Guthrie, Superintendent.

We believe all children should have balanced meal served.

NEW Policy: There is a charge limit for full priced students, should the students account have a negative balance of \$50.00 or more (total of breakfast and lunch), an alternative breakfast and lunch may be served, as recommended by the State Department of Education and will be consistent with the nutritional guidelines of the USDA.

Examples include:

- A playbill, showing your student's role in a drama production
- The annual yearbook
- Honor roll or other recognition lists

2. The student's address;
3. The student's telephone listing;

At the end of the two-week period, each student's records will be appropriately marked to indicate the items the District will not designate as directory information about that student. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student.

Model Notification of Rights under FERPA
For Elementary and Secondary Schools

The Family Education Rights and Privacy ACT (FERPA) afford parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

(1) The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access. Parent or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate. Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. FERPA requires a school district to make a reasonable attempt to notify parent or the student of records request unless it states in its annual notification that it intends to forward records on request.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by a *School District* to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:
